

DigiCert is the industry's most trusted and widely respected provider of high-assurance certificates, trusted by the world's top companies to secure billions of transactions, worth billions of dollars, every day. For good reason. Since their founding almost two decades ago, DigiCert has been committed to doing what's right for the internet, putting people ahead of technology, and constantly searching for a better way to solve tomorrow's most challenging problems. From innovative tools to make the certificate process faster and easier to manage, to security solutions for the post-quantum computing age.

### SECURE SITE PRO CERTIFICATES

DigiCert Secure Site Pro is the premium standard in TLS solutions for businesses who take securing their data and digital identity seriously, with superior security features available first to Secure Site Pro customers, simplified management and enhanced performance from the world's leader in digital certificate solutions. Your brand's reputation is irreplaceable. Can you trust your online identity to anyone but the world's leading Certificate Authority?

#### Features & Benefits

- All products support multiple domains
- Unlimited server licensing
- Compatible with most [browsers and operating systems](#)
- Protects your website or email traffic with RSA 2048+ encryption or ECC 256+ keys and SHA2-256 signature algorithm

<b>Subject Alternative Names</b>		
www.domain.com and domain.com (FQDNs)	✓	✓
Supports both FQDN and Wildcard SANs	✓	
Maximum number of SANs	Default SAN Limit 250	Default SAN Limit 250

## TOP 5 REASONS TO BUY

### 3 NORTON SEAL FOR VISIBLE TRUST

As the most well-recognized symbol of online security, the Norton Seal provides browser-visible trust to improve conversion rates for Norton Seal customers.

### 1 ONLY TLS CERT WITH CT LOG MONITORING

Proactively monitor the domains that are important to you to help ensure that certificates are valid and in-line with your organization's policies.

### 4 PRIORITY VALIDATION AND SUPPORT

Not only do Secure Site Pro customers get exclusive access to the fastest, most painless validation experience available, they get priority support with a concierge phonenumber and 24/7/365 email and live chat.

### 2 FIRST COMMERCIALY AVAILABLE PQC TOOLKIT

Start preparing your network today for the quantum cryptography of tomorrow with our PQC toolkit.

### 5 INDUSTRY-LEADING MANAGEMENT CONSOLE

The best certificate demands the best platform. With enterprise-grade tools designed for automation and ease of use, the DigiCert Partner Platform simplifies certificate management from issuance to renewal. Through our easy to use APIs, our partners can pass on to their customers any feature found in our management console.
